

CONTAINEX
BASIC Line

Portable cabin

You want functionality. We deliver it.

Portable cabin

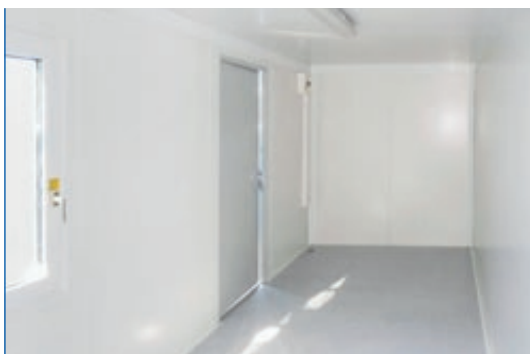

On the construction site, as a temporary common room or as an office extension: with the CONTAINEX BASIC Line portable cabins you can quickly create space for your intended use. Due to the optimized design as a Transpack® cabin in a package, 12 portable cabins fit on one truck. Therefore, you are not only saving on transport costs but you are also protecting the environment.

THE FUNCTIONAL MONOBLOCK:

- Durable product due to robust construction – up to 3-high stackable
- Price advantage due to optimised design
- Individual door and window positioning due to the flexible panel system
- Surface-mounted electrics
- Available immediately
- CE mark
- Cost-savings and CO₂ reduction due to delivery as a Transpack® cabin in a package

**CONTAINEX
EXTRA**

*Up to 85%
less CO₂ due
to Transpack®
delivery*

Internal finish: white

External paint: grey-white/light-grey

INSIDE & OUTSIDE:

Simple and functional – this is how the BASIC Line portable cabin presents itself both from the outside and from the inside with a standardized equipment package.

- White internal finish, grey floor cover
- Window with tilt and turn mechanism
- Surface-mounted electrics incl. lighting and sockets
- Two-tone external paintwork: frame grey-white (RAL 9002), panels light-grey (RAL 7035)

Transpack® cabin

*With the applied painting system shades similar to RAL are achieved.
We do not accept liability for colour variations in comparison with the RAL tones.
