# Storage container with sectional door

With the easy-to-open sectional door, you can transform your container into a convenient material store.

**SPACE-SAVING OPENING AND CLOSING:**

- Smooth, manual opening
- Locks by means of a burglar-resistant latch lock and turning handle with steel cylinder
- Robust surface (woodgrain)
- Robust design thanks to sheet metal on both sides and 42 mm PU foam
- Available in various colours: RAL 5010, RAL 9010, RAL 7035
- Available for LC 10' and LC 20'
